Next Meeting: TBD (Proposed for Summer 2012)

Minutes:

State of Swimming – General Chairs Meeting Recap by John Degnan: New Standards across the board top down with hard caps on national level meets. Grand Prix and Sectional meets now viewed as qualifier meets for national level meets with hard caps and standards of some sort. LSC is viewed as responsible party for last chance meets and the number of displaced swimmers requires another look at how the LSC handles championship level meets.

Time Standards by Greg Dozer: New standards presented and will be put before the House for vote.

Competition Platform by Greg Dozer: Purpose of platform is to revise championship level swimming in Arizona to reflect that of national level organization. Proposal includes order of meets to be Last Chance, State, B State (names to be determined later).

- **AGC motion, second, all in favor of revising the proposed platform to keep regionals at a B and to rebrand and reinvigorate the purpose and presence of the meet; raise the bar on the state championship meet to include the proposed and approved new time standards**

Good of the order: Discussion about state meet relays and relay only swimmers. Will put forth friendly amendment on the floor at House for relay only swimmers being allowed if some relay team members are meet qualifiers. A relay cannot be filled with all and only relay only swimmers.
