Relay Time Standards

The Committee agreed the 13-14 & Senior Mixed Medley Relays shall be “No Time Standard” for 2026.

The Committee agreed to keep all previous time standards the same for 2026.

The Committee agreed to let the Chair create 200 MR standards for the 13-14 & Senior.

The Tech Chair stated his intent to establish baseline cuts using the aggregate of the 50s of stroke “A” and “B” cuts, then broaden the cuts by adding a buffer of 3 seconds (or 1-3%) and allowing the SR and AG Chairs to narrow the qualifiers by limiting the number of relays in their meet flyers.

The Committee will meet to select 2027 SC dates in February.

The Committee will meet to select 2027 SC hosts in mid April.
