

Arizona Swimming
**Virtual
Coordinated
Competition**
June 26-July 12, 2020

Purpose: The purpose of a this coordinated competition is meant to provide a fun environment for the athletes in which they can compare how they are doing compared to others within the LSC. Some athletes have just recently come BACK and some have been in the water for quite some time. Results will be consolidated by the AZSI Office in coordination with a designated Admin Referee ranking results per age and gender. Final times and standings for participants will be distributed to all clubs and posted to the AZSI website

As a club you have the ability to coordinate the time, space, location of the Coordinated Competition.

All AZSI clubs are encouraged to reach out to clubs who may have limited water and share so that all clubs will have the opportunity to compete in the Virtual Coordinated Competition and be eligible for the grant provided after the results are received by AZSI.

The results will be provided to USA Swimming for upload into a "section" of SWIMS that will be able to be viewed on the Leaderboard. The times will not be formally loaded into the traditional SWIMS but rather a partition developed for Virtual Competitions.

Timing Equipment is available with the minimum charge of \$50.00 on a first come first serve basis for the purpose of the coordinated competition. Fill out the Equipment Rental Agreement on the AZSI website and submit to the office if you are interested in renting the equipment. If a club does not have access to timing equipment watch times will be accepted.

Arizona Swimming encourages and expect teams to share their water, share equipment and share this opportunity so that as many athletes/clubs as possible may participate.

Course: 25 yard Course

Eligibility: Open to any USA Swimming registered swimmer holding a current USA Swimming registration card as of the meet entry deadline.

Results: Results must be submitted via email to results@azswimming.org in electronic format. Acceptable formats are excel spreadsheet or export from Hytek Team Manager in csv format.
