

# Finance Vice Chair Slate of Nominations

## Sean Husmoe

My name is Sean Husmoe and I am interested in running for re-election for another term as Finance Vice Chair for Arizona Swimming. The past two years have been very successful but there is still work to be done, especially related to finance. We are currently working on submitting an RFP for accounting services for the 23-24 year, preparing the budget for the '23-'24 season, and strategizing on ways to invest in our programs in the best ways to achieve the goal of increasing athlete engagement with Arizona Swimming.

My professional experience has helped me direct and contribute to the Finance Vice Chair position. For the past eighteen years I have held CFO roles at for-profit and not-for-profit organizations. As part of my job I manage all financial operations, including presenting financial reports to the Board of Directors each month. I work closely with the leadership team and have developed all the policies and procedures for the finance department, ensuring we had the necessary internal controls in place. I lead the internal audits, prepared the RFP for hiring external auditors, and worked closely with them on an annual basis during their review of the financials and preparation of the Form

990.

I enjoy being involved in our community and have had the opportunity to coach several sports teams locally. I recently served on the Litchfield Elementary School District Board of Directors, and for the past three years I have been the President of the Millennium High School Swim and Dive Booster Club.

Swimming has had a huge impact on my family. Although my wife and I were never swimmers, both of our daughters took to it at an early age. Lessons at Hubbard Family Swim School turned into summer rec seasons, became year-round club swimming, and now they are also both accomplished open water swimmers. Swimming has given my girls the opportunity to grow, succeed, fail, set goals, reach goals, and set new goals. It is what our family does and has done for over eleven years now. We have been fortunate to have many amazing individuals come into our lives through swim. Because of this, I would welcome the opportunity to give back to Arizona Swimming and continue in the role of Finance Vice Chair.

Thank you for your consideration.

# Senior Chair

## Slate of Nominations

Coached athletes at every level from age group through the Olympics.

# Age Group Chair Slate of Nominations

## Meg Zajdzinski

Meg Zajdzinski has deep Arizona swimming roots. She has spent the better part of the last 40 years involved in Arizona swimming, as a coach, a swimmer, the AZ Coaches representative as well as the safe sport representative. She looks forward to continuing to serve the community as the Arizona Swimming Age Group Chair.
